Wisconsin League for Nursing, Inc.
 C/O Mary Ann Tanner
 P. O. Box 136
 Long Lake, WI 54542
 1-888-755-3329

Make checks payable to WLN (date received will be used to prioritize registrations)

- * Last year some participants chose to attend at Marquette University Raynor Library where the webinar is broadcast. This is again available for the \$150 individual fee. Dr. Billings will join us at via the webinar. If this is your preference indicate MU with your individual registration.
- To facilitate ease of registration, we are not requiring WI League for Nursing (WLN) membership for individuals or National League for Nursing (NLN) agency membership for this course. However, those taking the CNE examination will have a significant reduction in the exam fee if they are faculty at NLN member schools. Please see http://www.nln.org/eseries/source/custom/01_certificationexam.cfm
- NLN membership information is available at: <http://www.nln.org/membership/index.htm>
- NLN agency membership also provides WLN scholarship opportunities for students.
- WLN membership (is separate). This provides discounted fees for the WLN Fall conference and includes you in serving as a voice for nursing education in WI.
- Donations to the WLN scholarship fund also are appreciated. We will provide 38 scholarships this year, but had twice that many applications. Please see www.wisconsinwln.org for further information or contact wln@wisconsinwln.org. Thanks!

What participants said from prior CNE preparation webinar:

- Really enjoyed the speakers, their knowledge, and the ability to ask questions. It was also helpful to have access to the powerpoints prior to presentations. References very valuable. It was a good skill to write and read CNE practice questions and be able to discuss/debate them for the next 2 weeks.
- ACCESSIBILITY!
- Convenient. Good review.
- Question/Answer session from participants. Convenient.
- Excellent content; succinct yet powerful. I know much better what I have to learn and/or brush up on. Ability to do it as a webinar from my home!! Well done and a great value for the fee. Thanks!!

Wisconsin League for Nursing - a leader in the promotion of nursing education to enhance the quality of health and health care in Wisconsin.
